

CLEANTECH 100 230V + KIT

Overview

CLEANTECH 100 230V + KIT

cod. 850000

Cleantech kit is the new system to clean easily and quickly the TIG and MIG welds on stainless steel.

Cleantech eliminates completely all the colouring and oxidation effects that are usually produced on the weld piece during the welding process as a result of the instantaneous electro-chemical reaction.

Thanks to Cleantech, Stainless Steel will get back its peculiar brightness.

This kit is particularly useful in all those works where the aesthetics of the material is mostly important.

Your TIG and MIG welding seams will be clean and shining as never before.

CE MARKING

EAC CERTIFICATION

Technical data

CODE 850000

ADJUSTMENT POSITIONS 2

WEIGHT 14,4 kg

SINGLE PHASE MAINS VOLTAGE 230 V

DIMENSIONS 34,5 x 21,5 x 28 cm

EAN CODE 800489773108 7

MAINS FREQUENCY 50 / 60 Hz

Included Accessories

PLASTIC CARRY CASE - 322800

EMPTY DISPENSING CANISTER - 322816

LIQUID - LIQUITECH 3L - 322905

CLEANING TIP - 742384
