TUNGSTEN ELECTRODE SHARPENER

StiloTig is the new Tungsten Electrode Auto-rotator that is very fast, easy and practical to use. Made in Europe of hardened steel and anodized aluminium; StiloTig is built to provide years of maintenance free service. The StiloTig is produced in two models; one for electrodes $1/16''$ & $3/32''$ (1.6 & 2.4mm) and another for electrodes $1/8''$ & $5/32''$ (3.2mm & 4.0mm).
