

BW 115

High-performance abrasive paper

Product Benefits

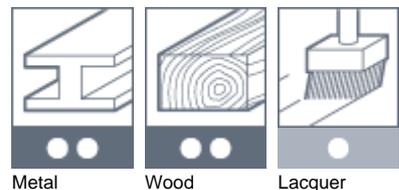

- Closed coating for long tool life
- Stable, tear-resistant F-weight paper backing allows sanding with high sanding pressure (calibrating sanding)

Applications

- Economic, mechanical surface sanding of wooden materials
- Especially suitable for sanding hardwoods (solid wood)
- Standard product for grinding of stainless steel sheets

Product Structure

Type	11500
Grain	Aluminium oxide
Bonding	Resin
Backing	F-weight paper
Coating	closed
Grit range	P 40 - P 320, P 400

•• Very suitable
• Suitable

Forms of Delivery

Abrasive belts

Wide belts
