

IRWIN Vise-Grip (VIS10505869)

## Long Nose Pliers High Leverage VDE 200mm

IRWIN Vise-Grip Long Nose VDE pliers have a chrome nickel steel, induction hardened cutting edges that stay sharper for longer and improved durability. Machined jaws provide maximum grip strength. They are fully T V, GS, and VDE certified meaning they are safe for working with electrical equipment up to AC 1000 volts or DC 1500 volts. Featuring moulded, pull-resistant, one component handles for added comfort and less hand fatigue. Length: 200mm (8 in).
